DAILY PUBLIC LEDGER—1918

MAYSVILLE, KENTUCKY, THURSDAY, FEBRUARY 28, 1914.

ONE COPY—ONE CENT.

In our garden are many roses,  
Some of them are white and some are red.  
Really, I am very fond of roses,  
But I want them now, not when I am dead.  
Don't wait to show me your affection  
When the earth is piled above my head;  
In your garden there are many roses,  
But I want them now, not when I'm dead.

Samuel Lykins, deputy warden at the State Reformatory, was elected custodian of the State Capital at Frankfort.

COL. THOMAS A. DAVIS NOT SO WELL.

The latest word from Col. Thomas A. Davis at Martinsville, Ind., is that they were expected to start for home with his last Sunday, but his condition grew worse and he had to remain there under treatment of Dr. Greene.

LET UNCLE SAM  
GIVE YOU THE FACTS

Government reports show the steady output of coal during the last few years has made the dealers push for wider markets. We are going to get more value for your money by giving you a greater value for your money. You will never get out of debt unless you buy wisely.

## Dressed Pine Lumber \$2 Per Hundred

We now have it. We are positive it will not be sold at this price again during this year. Come and get it while it lasts. This lumber can be used for outbuildings, cheap barn siding or most any purpose except fine finishing work. Buy it now. You will need it before you can get it again at this price.

## INSURANCE

Twenty-five years ago we paid 75c. per \$100 on a frame building with five coal stoves in different parts of the building. Today on same site, \$2.60 per \$100 on building now of brick and metal, one fire, and heated by steam. Then the city had a volunteer fire department and now a fine up to date paid system and yet look at the increase.

Looking at the changes in our own business every department is from 25 cents to 100 per cent. better and cheaper. Why is Kentucky's insurance rate higher than any State in the Union and 4 per cent. higher than the average for the entire United States and territories.

## THE CHEMIST'S COCKTAIL.

Modern organic chemistry has a language of its own. The following is an example from a recent article: "The dianhydride of 1,8,4,5-naphthalenetetracarboxylic acid was heated for three hours at 170 degrees C. with four times its weight of the diethyl-ester of malonic acid, together with twice its weight of zinc chloride, whereby 5,10-diketeto-3,8-dihydroxyphenylene was formed, which on distillation with zinc dust gave pyrene, recognized by its characteristic picro, m. pt. 223 degrees C."

## THE BUCKEYE'S GETTING TOGETHER.

The Reception committee for the Republican "get-together" banquet in Columbus today, Thursday includes the names of such prominent Ohio Bull Moosers as Dan R. Hanna of Cleveland, former Prosecuting Attorney H. C. Webster of Toledo, who was the Progressive candidate for Congress in the Ninth district in 1912; Frank G. Bartholomew of Springfield, who was chairman of the Clark County Progressive committee two years ago, and C. L. Knight of Akron, former State central committee-man from the Nineteenth district.

## CAUSES FOR DIVORCE.

According to Judge Rockford of the Superior Court of Indianapolis, if the divorce evil is to be corrected this country must have fewer automobile rides by husbands and wives with the husbands and wives of others, fewer x-ray gowns and split skirts; frivolous telephone conversation should be reduced to the minimum and young husbands should boast less frequently of their conquests among women. If these rules are followed, Judge Rockford declares, the divorce courts will not have much to do.

Judge Littlepage, in the Kanawha Circuit Court the other day, complained of the vast number of divorce cases that continually demand his attention, saying that some days he had as many as eight cases before him, and he solicited a committee of the local bar to ascertain if he is empowered with authority to refer divorce proceedings to a Commission. He was advised that he was so empowered.

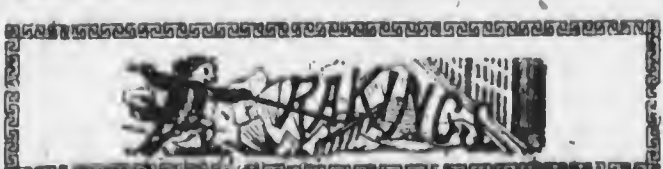

And now, we wonder how many of the eight-per-day in Judge Littlepage's court grew out of automobile rides, x-ray gowns and split skirts, conversations over the telephones and boasting by young husbands of conquests among women other than "the one woman?" Here's a chance for the expert statistician to get in his work.—Harleston Mail.

The limit has been reached. They dedicated a new piano in a Newport, Ky., school.

## JUNK IS COSTLY STOCK.

The French have a saying that "it is only the first step which is difficult." He is a bold manager who faces his directors with an apparent reduction of two or three hundred dollars worth of merchandise and gives them an actual five-dollar bill in stead, but all this odd stuff clutters up storerooms and costs a pretty penny trying to work in some-where, says a writer in the American Machinist.

I know one concern which had a large contract for some agricultural work that needed about a ton of malleable-iron thumb-nuts which, through some mistake, were not tugged the right size. They were carried on the books for several years at their original cost and then the superintendent of the shop wanted to scrap them, but the manager said no. Months later he was much pleased to tell the superintendent that he could use some of these thumb-nuts. He felt proud that he had not allowed them to be scrapped, but was a little chagrined to find that in order to use them a special die had to be made, which cost about as much as new thumb-nuts and that, after all, less than 100 were required. Then he suddenly remembered that as the mistake was made by the manufacturers of the thumb-nuts, they really did not belong to the company at all, yet they had stood on the inventory as an asset.

## THE DAILY NOVELETTE.

### The Headless Chef.

(Translated from the Russian.)

Terror reigned in the castle,  
The Czar gave harsh commands;  
This way and that scurried vassals,  
To fill his great demands.

The palace was in a state of bustle, turmoil and confusion.

"Double-lock all entrances," roared Czar Nicholas Brummskyovitch in pale terror.

"He rushed hither and yon, to and fro, ever and anon, eye and no, from basement to the pinnacle of the highest turret, giving frantic orders.

"Raise the drawbridge and turn on all the fire extinguishers!" he shrieked (in Russian). "Let every vodka remember the future of his country is at stake!"

For fifteen minutes the air was full of the sound of bolts sliding, windows rattling down, shutters slamming and oaths flying.

Finally all was airtight.

"Now bring Adrev Offovitch, the chef, before me!" commanded the Czar.

It was done.

"Did I hear you say that there was a bomb outside the kitchen door?" quavered Nick.

"No, Your Highness," trembled the chef, "I said I hum. He wanted a slice of coffee and a cup of bread—I mean—"

Mingled with the noise of windows rattling up again and oaths flying back and forth and around, came the sound of the chef being beheaded.—Louisville Times.

The House Naval Affairs Committee approved the Naval Appropriation Bill providing for two new dreadnoughts.

Republican candidates in Christian County have practically abandoned their contest of the election of Democratic officials.

## "MARCUS F. KEHOE, P. M.

At Mayaville, Ky., Is The Way It May Soon Read—Appointment Looked For at Any Time.

Washington, February 21.—Representative W. J. Fields, of Olive Hill, Ky. sent to Postmaster-General Burleson to day the recommendation that Mark Kehoe, brother of former Representative J. N. Kehoe, be appointed Postmaster at Mayaville, Ky., an office that pays a salary of \$2,500.

Fields made the recommendation upon receipt of a letter informing him that the Postmaster-General had upheld his contention that the terms of Postmasters who have received at least one re-appointment should be reckoned in stretches of four years regardless of the dates on which commissions expire.

It is an important ruling on Burleson's part, and will have an effect on postoffice patronage throughout the country.

Postmaster Clarence Mathews on February 16 had served 16 years in the Mayaville office, and Representative Fields contended that this service constituted four full terms. But Mathews' commission does not expire for two years yet. This is due to delays in nominations and confirmations between terms.

## THIS IS CERTAIN

The Proof That Mayaville Readers Cannot Deny.

What could furnish stronger evidence of the efficiency of any remedy than the test of time? Thousands of people testify that Doan's Kidney Pills have brought lasting results.

Home endorsement should prove undoubtedly the merit of this remedy. Years ago your friends and neighbors testified to the relief they had derived from the use of Doan's Kidney Pills. They now confirm their testimonials. They say time has completed the test.

Mr. C. Chisholm, 317 East Second street, Mayaville, Ky., says: "There was a time when my kidneys were badly disordered and I was annoyed by many symptoms of kidney complaint. Doan's Kidney Pills, procured at Wood & Son's Drug Store, removed the trouble and my good health since then is evidence of their merit. I have seen many other cases where Doan's Kidney Pills have proven their worth. My former endorsement of this remedy still holds good."

### Luke McLuke Says.

The most cheerful person in the world isn't the man who has just learned from his wife that he has a habit of talking in his sleep.

The enraptured society reporters always say that the groom led the bride to the altar. Just as though she required any leading.

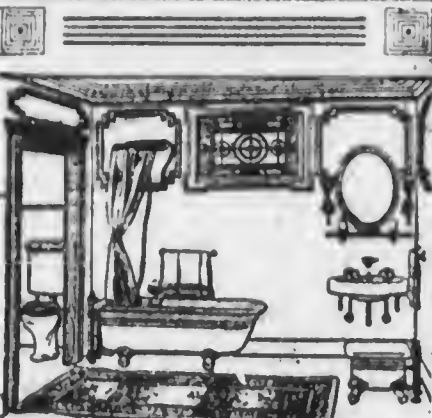

The reason a woman thinks she is entitled to a \$50 set of furs is because her husband is saving \$15 on the silk petticoat she doesn't have to wear.

A wise man always finds out what brand of advice another man wants before he tries to advise him.

When a doctor prescribes whisky for a patient the prescription never has to be renewed.

The reason why political parties flourish is because when a man isn't getting enough pay and is getting too much work, he can always enlist with the party that promises him relief.

# Sick Women Attention

Is it possible there is a woman in this country who continues to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial after all the evidence that is continually being published, which proves beyond contradiction that this grand old medicine has relieved more suffering among women than any other one medicine in the world?

We have published in the newspapers of the United States more genuine testimonial letters than have ever been published in the interest of any other medicine for women—and every year we publish many new testimonials, all genuine and true. Here are three never before published:

**From Mrs. S. T. Richmond, Providence, R. I.**  
PROVIDENCE, R. I.—"For the benefit of women who suffer as I have done I wish to state what Lydia E. Pinkham's Vegetable Compound has done for me. I did some heavy lifting and the doctor said it caused a displacement. I have always been weak and overworked after my baby was born and inflammation set in, then nervous prostration, from which I did not recover until I had taken Lydia E. Pinkham's Vegetable Compound. The Compound is my best friend and when I hear of a woman with troubles like mine I try to induce her to take your medicine."—Mrs. S. T. Richmond, 199 Waldo Street, Providence, R. I.

**A Minister's Wife Writes:**  
CLOQUET, MINN.—"I have suffered very much with irregularities, pain and inflammation, but your wonderful medicine, Lydia E. Pinkham's Vegetable Compound, has made me well and I can recommend the same to all that are troubled with these complaints."—Mrs. JENNIE AKERMAN, c/o Rev. K. AKERMAN, Cloquet, Minnesota.

**From Mrs. J. D. Murdoch, Quincy, Mass.**  
SOUTH QUINCY, MASS.—"The doctor said that I had organic trouble and he doctored me for a long time and I did not get any relief. I tried it and found relief before I had my first bottle. I continued taking it all my life and am now a strong, healthy woman on my own living."—Mrs. JANE D. MURDOCH, Quincy, Mass.

### Important to All Women

Readers of This Paper

Thousands upon thousands of women have kidney or bladder trouble and never suspect it.

Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease.

If the kidneys are not in a healthy condition, they may cause the other organs to become diseased.

You may suffer a great deal with pain in the back, grinding-down feelings, headache and loss of appetite.

Poor health makes you nervous, irritable and may be dependent; it makes any one so.

But hundreds of women claim that Dr. Kilmer's Swamp Root, by restoring health to the kidneys, proved to be just the remedy needed to overcome such conditions.

A good kidney medicine, possessing real healing and restorative value, should be a blessing to thousands of nervous, over-worked women.

Many send for a sample bottle to see what Swamp Root, the great Kidney, Liver and Bladder Remedy will do for them. Every reader of this paper, who has not already tried it, by enclosing ten cents to Dr. Kilmer & Co., Binghams, N. Y., may receive sample size bottle by Parcel Post. You can purchase the regular fifty-cent and one-dollar size bottles at all drug stores.

### SPEAKING GLANCES.

(From the Century Magazine.)

Now, what the Spanish-American beauty cannot do with her eyes is not worth mentioning. In the brief moment of passing she can say:

"Don Manuel, I love you. Beware of my senora aunt, who is watching me like a tiger. Don Manuel, you are the handsomest man I ever saw. Do you behold how jealous is the fat Don Marco who is sitting with my so beloved and respected father? For the fat Don Marco I have the greatest disgust. Shall you be passing our casa to-morrow at the usual hour of night? Behold, I shall be looking forth, Don Manuel. I would fall into your arms!"

"The senorita says it all with her eyes."

### NOTES FROM THE LEGISLATIVE LEXINGTON JUNKET.

His Excellency Governor McCreary is as suave as ever—if anything, a little suaver.

Being a Republican, an editor and a legislator, should indicate a combination of the best qualities, and Mr. M. O. Wilson's friends say he is just that. He doesn't talk much on the floor, but in committee he's the hardest worker there is.

Mr. Stanley Reed is showing the House that Maysville can produce some pretty able lawmaking Democrats, as well as Democratic lawmakers. Just now Mr. Reed is dividing his attention between the Legislature and the big banquet of the Young Men's Democratic Club, that is to be held in Frankfort on the 27th.—Lexington Leader.

### PROBLEMS OF THE TENEMENT.

(By Miss Rebecca Averill, Department of Philanthropy.)

About two years ago the greatest of social workers began to realize that something must be done and done quickly to save the American home, as an institution. There are ninety thousand houses in America presided over by an army of as many women.

This army is officered by brilliant women, who will safely guard its sanctity either with or without the so-called woman question settled.

So that in Philadelphia year before last and in Cincinnati in December last, the first two conferences along these lines were held.

I have been asked why the conference were called "National Housing," and might say in passing that it is because that the word "housing" covers more, in fact, is a broader term than "tenement," because applying to any home, and the reason those interested wish to have survived since over all habitations is that neighborhoods change and old houses not built for tenements, or even for apartments, are converted into such and often become from inconvenient divisions in half ways, alcove rooms, or basements, dark and unsanitary dwelling places—not at first so meant to be.

In any ordinary town or county even anyone who decides that there are no tenement problems in their neighborhood is because that neighborhood has not been investigated.

We are anxious to eliminate the word "slum" from our vocabulary, but how can we when the monster stares us in the face?

I have seen this proven too that it is not the fault of the poor dependent upon rented property always that their little houses are filthy when rotten timbers are infested with vermin—and bring 16 2/3 per cent. and upward to their landlords and landlords, for when given a chance they do improve in their home making.

We want a law that will require rented property to be safe and sanitary.

It is a pitiful fact that just such shanties and cellar rooms often bring the property owner their biggest per cent.

Some one says, "Oh, don't sell that; because the unscrupulous might buy up the slum property and we could not fight so easily for improvements."

Conditions obtaining in Lexington, Versailles, Harrodsburg, Danville and other towns adjacent to Frankfort I know. In our own town there are yet untouched some dark rooms over stores without the light of day—unventilated, where some old invalid often is relegated—but we have notified the owners of about thirty shacks to either tear down or improve them where possible—for we are not unreasonable—and have gone through two courts to the highest in the State to enforce our ordinance.

We think that a state law however will strengthen our position for you know the strength of public sentiment in enforcing a law after getting it. Then as Chairman of Philanthropy of our State, Federation of Women Clubs—it behooves me to carry forward the

### MODERN HOTEL

Said to Be Planned by J. B. Haggin at The Bluegrass Capital.

Lexington.—It is said that James B. Haggin, the New York multi-millionaire, has finally decided to erect a magnificent hotel on the lots recently acquired by him at the corner of Main and Limestone streets, and extending along Main street directly opposite the Phoenix Hotel.

A large part of the first floor of the Limestone side, it is said, will be used for business houses with the front of the hotel in Main street, opposite the Phoenix, the main building rising into sky-scraper dimensions. Mr. Haggin already owns practically all of the property outlined as the site.

### CHRONIC COLDS

Are Contracted by Changeable Weather.

A Simple Remedy.  
Sudden changes are particularly trying for old people or those who suffer from a weakened, run-down condition, chronic coughs, colds or bronchitis, but if such persons would only apply common sense methods in the treatment of their conditions, much discomfort and suffering might be avoided.

The most essential thing to do is to build up strength, enrich the blood, increase vital resistance and to accomplish this nothing equals Vinol, our cod liver and iron tonic.

Mrs. M. J. Grimes of Springfield, O., says: "I was badly run-down, nervous and weak, and while in this condition I contracted a heavy cold and rheumatism. Vinol was recommended and I am happy to say it cured my cold and restored me to health again."

Old people, delicate children, run-down, overworked and tired women, those suffering from bronchitis, chronic coughs and colds should try a bottle of Vinol. We will return your money if it does not help you. J. C. Peacor, Drugist, Maysville, Ky.

P. S.—For Persons of Slight try our Sazo Salve. We guarantee it.

### NEGRO'S ATTACK CAUSES RUN-AWAY; GIRL IS INJURED.

(Bourbon News of Tuesday.) Suffering from numerous bruises about the body, and badly frightened from her experience, Miss Georgie Oliver, aged 16, is at the home of her grandfather, Mr. Doc Snapp, in Rattles Mills, as a result of an attack made upon her yesterday afternoon by a negro who grabbed her horse, which she was driving, while she was enroute to her home from Millersburg. The horse ran away and throwing her out she sustained painful, though not serious injuries. The negro is alleged to have jumped in front of the horse and grabbed the bit. Frightened at the sudden attack the animal reared and plunged and succeeded in freeing himself from the grasp of the girl. He then dashed down the road at breakneck speed. Miss Oliver making every effort to check his speed until a rug in the buggy becoming fastened in the wheel caused the animal to increase his speed and soon got beyond her control. The horse ran into a ditch on the side of the road, throwing the occupant of the buggy out.

The girl was rendered partly unconscious by the fall and her injuries were so painful that she could not summon assistance, and remained where she had fallen until Mr. Hughes residing on the G. S. Allen farm, found her on the side of the road. The negro escaped.

Cincinnati, O., February 21.—Brent Arnold, aged about 60 years, general freight agent and superintendent of terminals of the Louisville & Nashville Railroad, well-known clubman and society leader, pleaded guilty in juvenile court late Tuesday on a charge of contributing to the delinquency of Mildred Crane, a sixteen-year-old girl of Cincinnati. He was fined \$750 and costs.

The episode with Miss Crane occurred in a miniature parlor on West Seventh street. Colonel Arnold is well known in Lexington and other Kentucky towns.

Luke McLuke Says.

When a man starts to go to the devil because of his matrimonial troubles at home, he usually hunts out a devil who has blond hair and bright eyes.

When you see a married man smiling sweetly at his wife and paying her every attention possible, holding on to her arm and assisting her across streets, it isn't always because he is in love with her. Maybe she has caught him doing something and he has to act that way because she has the goods on him. A girl's idea of a quitter is a young man who will leave her side and go home at 10 o'clock just because her father says he can't stay any longer. The girl who gets mad because a newspaper doesn't print two columns about her wedding gets even madder if a newspaper prints one line about her divorce.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. ## A Discovery

Worth While

talking about is the splendid quality of our fine old Rye Whisky. It is mellow, rich flavored and pure, and makes a most delightful highball or bracing drink. It is matchless in its medicinal properties, too, and it never gives one a headache. If you are a critic of good liquors, you will be pleased to recommend this brand after the first trial.

## ELECTRIC SIGNS!

The distinguishing air of quality which a first-class Electric Sign gives to a store is the element which gives a sign its greatest value as an advertising medium and investment. The impression it makes is good. It blazes forth to the public that there is business enterprise, merchandise and methods up-to-date. It affects the entire atmosphere of the business district. The stranger says, "It is a live town," and publishes it abroad.

It is the Sign of the Times.
